

Bergman Tool and Dynamic Weld wish to clarify a transaction that was reported last week in the August MCDO monthly meeting minutes.

Bergman Tool did not sell their business as reported. The transaction included only some of the machinery, tooling and support equipment. Bergman Tool will retain the remaining equipment and real estate for uses to be disclosed at a later date.

Dynamic Weld is constructing an 80 X 120 building to house this purchased equipment and other equipment for future use.

The MCDO sincerely apologizes for any confusion our reporting caused. Jim K - MCDO
